The races that will make up the Series are:

1. **McCormick's Creek Road Race.** A fun little 4.5 mile loop that throws a little at you each lap. Received favorable reviews last year - look for more the same in 2007!  
Date: [April 7](#)
2. **Pikes Peak Road Race.** An unparalleled course, literally, as you go up and down and take in the great scenery of Brown County with each undulation. This will be the measure of your early season fitness level. The cemetery climb will long be remembered for its burial of toasted legs after the day is done. This 12.4 mile loop throws the book at you with moderate to severe climbs, twisting high speed descents, rolling landscapes in the distance, smooth roads, light traffic, and false flats for dropping the hammer. Date: [April 22](#)
3. **Morgan-Monroe State Forest Road Race.** A course that just got a facelift for 2007. New pavement all over the place - Forest Road, Bean Blossom climb, Old SR 37. What more can you ask for? A 14 mile loop that is the envy of all other road races. Put this one on the schedule and circle it. Come and make some noise on top of Mt. Bean!  
Date: [May 6](#)
4. **Eagle Creek Park Traditional Crit.** A .95 mile scenic loop that rides more like a road race course than a crit. The slight uphill finish will test the riders form and is a great place to attack. A beautiful park and the 2<sup>nd</sup> oldest IRS next to Mooresville is a welcome addition to the spring series. Special thanks to Black Mountain Musicals and Indy Hand Center for helping with this race. Date: [May 12](#)
5. **Saint Crispian Road Race.** A race so good that only Shakespeare can match it. The granddaddy of them all, the Crispy is the penultimate race of the Series. Mark your calendar and get ready for an epic 55 mile loop that ends on top of the first climb. We wouldn't have it any other way. Date: [June 3](#)
